Dear Kim:

Re: Lower San Pitch River
Distribution System

Please accept my apology for the delay in responding to your inquiry of January 27 (copy enclosed). Because of our workload it has been difficult getting the needed research completed in order to answer your question.

The Lower San Pitch River Distribution System account 29-3J is for water delivered thru the Ephraim Olsen Ditch to the property you have described in your inquiry. The original water right (65-3053) was decreed for 17.00 cfs, priority of 1878, diverted from the San Pitch River into the Ephraim Olsen Ditch for the irrigation of 1243.0 acres. The 60.0 acres you have described are part of that original 1243 acres.

Payment of the total assessment amount due of \$22.76 will bring your account current. Please make your check payable to the State Engineer for the amount indicated and mail to: Attention: Bonnie Duncan, Division of Water Rights, Room 209, 1636 South, North Temple, Salt Lake City, Utah, 84116.

If you have questions regarding the above, feel free to call me at 538-7431.

Sincerely,

John S. Larsen
